Subject: Re: Caouette Land Use -

Hi Clare,

I do not think swimming or boating should be allowed due to risks involved, supervision and the like. Also, I do not know what the legal issues are about ownership of the pond.

I think one should be respectful of the farmers. Do they want people on the land when they are farming it? The more one can preserve the land the better, hiking yes biking, not great, horseback riding not great, dogwalking on leash, O.K. cross country skiing and snowshoeing O.K, as well. I think about noise pollution, paper pollution et al. In the best of all worlds it would be nice if it were a quiet refuge.

Carrie
